

Updated information about our property funds

Dear Richard,

Some of your colleagues are invested in our Workplace Pensions Prudential UK Property Fund. We wrote to you recently about our decision to delay some types of withdrawals from this fund. After further consideration we have also decided not to accept new contributions or switches into the property fund at the moment.

If your colleagues are invested in the property fund, their money will stay invested in the property fund. But they won't be able to make any payments into, or switch investments into the property fund until we've ended the restrictions. They can still make payments into other funds available to their plan.

We've sent this [letter](#) to our main trustee contact, which includes example wording for them to use to write to their members.

We're here if you need us

You'll hear from us again, shortly after we've removed the restrictions on the Workplace property fund, and if anything changes before then. But if you have any questions, please call our Corporate Pensions team on 0800 151 3941. We're open 9am to 5pm Monday to Friday (apart from bank holidays).

You can find more information at pru.co.uk/property– which we will keep updated as things change.

Yours sincerely

Alastair Hogg
Head of Corporate Pensions
